VERY QUIET DAY.

Nothing of Importance Takes Place at Homestead.

HUGH O'DONNELL ARRESTED.

The Great Battle between Capital and Labor Must Now Be Fought Out in the Courts—What the Carnegie People Propose Doing.

HOMESTEAD, Pa., July 22.—Yesterday was the quietest day in Homestead since the 6th inst. The arrests of Hugh O'Donnell and Hugh Ross created no excitement. The absence of the talk shows a lethargy that marks the beginning of the end. The leaders say the rest of the battle must be fought in the courts.

Messrs. Weihe and Brennan, president and legal adviser respectively of the Amalgamated association, were closeted with Governor Pattison for an hour yesterday afternoon. Governor Pattison refused to disclose the nature of the conference, and Weihe and Brennan were equally quiet. They went directly from headquarters to the station and took a train for Pittsburgh. They did not see any of the local leaders either before or after the conference.

Mr. Burkett, James Flanagan, Sylvester Critchlow and Anthony Flaherty, the four men accused of murdering the man here on the Fourth of July were arrested here by Pittsburg constables yesterday. Flanagan and Flaherty are said to have determined not to give themselves up or allow themselves to be arrested under any circumstances.

The Carnegie company has decided to evict the Hungarians and Poles who occupy the twenty-five company houses on Shanty hill, just back of General Snowden's headquarters. The rents will be served tomorrow morning and these tenants will then have ten days in which to move. The heads of these families are day laborers in the mill and are now on a strike. Just what will become of these families when they are thrown out of doors is not known as there are not twenty-five vacant houses in Homestead which they can obtain. The company intend to use the houses for non-union men as they are within the lines of Camp Black and will be safe from molestation as long as the military remain. A report reached Homestead yesterday that Mr. Andrew Carnegie had decided to sail for America, and take a hand in settling the present difficulties. Superintendent Potter and other officers of the Carnegie company deny it emphatically. They said Mr. Carnegie had not the slightest intention of returning to America for some time.

Hugh Dempsey, master workman of District Assembly No. 3, Knights of Labor, said that the Knights of Labor will take up the cause of the Homestead men, and assist them in every way that is correct, and added that the fight will no longer be a local one, but that every great labor organization in the country will take part in it. Three hundred strikers, formerly in the mechanical department of the Homestead works, secured work this morning in laying and grading the tracks of the Pennsylvania railroad, at Milvale, near Pittsburg.

CARNEGIE'S OTHER WORKS.

What the Company Proposes Doing in the Near Future.

PITTSBURG, July 22.—There is every indication that the Carnegie company proposes to start up its mills at Lawrenceville before many days. The natural gas is burning in the furnaces and several car loads of billets are being daily received and stacked in the mill grounds. The sympathetic strikers have doubled their pickets, and both the land and river entrances to the mills are being watched.

Half a dozen strangers attempted to reach the gates yesterday with the view of applying for work, but they were intercepted by the strikers, and after a brief parley they agreed not to persist in their intention for the present. They seemed to have come from Baltimore of their own volition. The Carnegie company is said to have received a large number of applications for positions from men now employed at the Black Diamond steel works and Clark's solar iron works.

The application for the releases on bail of Hugh O'Donnell and Ross was made yesterday before Judge Magee. If, however, District Attorney Burleigh is inclined to be less good natured than he was in the case of Burgess McClellan, he can demand his legal right for twenty-four hours' grace in order to examine the evidence against the two men. In this event they will be compelled to remain in the county jail until Saturday at least.

The officials of the company are understood to be considerably chagrined over the failure of the constables to arrest the seven prominent strikers named in the initial warrants, and to be of the opinion that any move in the direction of attempting wholesale arrests of rank and file would be little better than farcical.

GOVERNOR PATTISON CONDEMNED.

He Refuses to Withdraw the Military from Homestead.

HOMESTEAD, Pa., July 22.—A committee of citizens, headed by a leading physician, called upon Governor Pattison, and after stating their grievances to him, they requested him, in the name of the citizens of the borough, to withdraw the military from Homestead.

The governor received the delegation and politely but firmly declined to grant their request, saying that the national guard will remain where it is until the issue is finally settled.

This action of the governor, together with the fact that during his stay here he has been the guest of Superintendent

Porter, of the Carnegie company, and has lived at his house instead of at the hotel or in camp, has caused much talk among both millmen and townspeople. They declare that his attitude is that of ally of Mr. Frick, and not that of chief executive, whose only duty here is to preserve order.

O'DONNELL IN JAIL.

The Great Labor Leader Surrenders to the Pittsburg Authorities.

PITTSBURG, July 22.—O'Donnell, at noon, went into Judge Magee's court, with Hugh Ross, and stated he was ready to surrender. The judge told him he would have to surrender to the magistrate before whom the information was laid.

He went to the magistrate's office across the street, McMasters was pointed out to him, by a reporter, and he then surrendered.

A hearing was waived, the commitments were made out, and in five minutes Constable Weber, looking as if he had achieved the victory of his life, had delivered O'Donnell and Ross to Warden McAleese in the county jail.

Powdery Talks.

SCRANTON, Pa., July 22.—General Master Workman Powderly, of the Knights of Labor, has received no reply from President Harrison to his letter charging treason against Henry C. Frick and William Pinkerton for bringing into the state an armed body of men in connection with the Homestead affair.

Regarding the statement that the entire influence of the entire Knights of Labor was to be thrown to the Amalgamated association, Mr. Powderly laughed good humoredly and said that inasmuch as the sympathy of all branches of organized labor was with the men at Homestead, it was not necessary for any action to be taken by the executive officers of the knights and that it would make no difference whatever in the position of the knights if any action should be taken.

Carnegie Can Not Be Extradited.

BOSTON, July 22.—General Butler, in speaking of the Homestead troubles, says regarding the admitting to bail in a case where a murder was charged, that although bail is not as a rule allowed, still it was a matter wholly within the discretion of the courts. As to the extradition of Andrew Carnegie, General Butler said he could not see how a man could be taken in a foreign country for acts said to have been done in this country in his absence. The general was very strong in expressing his conviction that legislation should be had that would cause the disbandment of the Pinkertons and the prevention of such riots hereafter. Personally, he has had no correspondence with the strikers, and has heard nothing whatever as to his being engaged as counsel.

DEMOCRATIC LEADERS.

Grover Cleveland and Adlai E. Stevenson Tended a Reception.

NEW YORK, July 22.—Grover Cleveland and Adlai E. Stevenson were tendered a reception last night by the Sagamore club, of Harlem. It was a great time for the people of that portion of the city, and not a single Democrat of any note in the annexed district was absent.

Fully 2,000 persons gathered in the streets in the immediate vicinity of the club rooms awaiting the arrival of the club's principal guests. They reached there about 9 o'clock and were greeted with the huzzah of the crowd. Flights of rockets and colored fire added to the general enthusiasm. The club house was packed from cellar to roof, among those present being many of the lights of the New York Democracy.

Commissioner Thomas F. Gilroy, in a brief speech, greeted and welcomed Messrs. Cleveland and Stevenson. Both these gentlemen responded in brief speeches, and then began a general handshaking, which was kept up for nearly an hour. A collation was then served to which ample justice was done, after which the guests and club members quietly dispersed.

Child Killed by Dogs.

JEFFERSONVILLE, Ind., July 22.—A most horrible affair occurred at Bennettsville, this county, yesterday. Mr. and Mrs. William Keibler left their little four-year-old son in the house with two pet Newfoundland dogs. The child played with these for some time, when they turned upon him and began to rend him to pieces. His cries brought an aunt to the scene. The dogs turned upon her, but she found an ax and killed both. The child's entrails were torn out and dragging upon the floor. The little one can not possibly live.

Palo Alto Dead.

SAN FRANCISCO, July 22.—Palo Alto, the celebrated stallion, head of Senator Stanford's stud on the Palo Alto stock farm, near Mayfield, died of pneumonia yesterday afternoon. Several other fine animals are suffering from the malady, and it seems to be spreading rapidly.

Latest Snake Story.

HUNTINGTON, Ind., July 22.—George W. Chaney was making hay yesterday and in one field killed sixteen rattlesnakes. They ranged in length from fifteen inches to more than three feet. Simon Slater killed three with a club while driving along the road.

Deaths from Cholera.

ST. PETERSBURG, July 22.—Four deaths from cholera are reported from Kotsoma, near Moscow, and two from Moscow. The chief merchants of the large cities will not attend the Nishu Novgorod fair, as they fear that they may catch the disease there.

Engines Wrecked.

RICHMOND, Ind., July 22.—Two freight engines on the Pittsburg, Cincinnati, Chicago and St. Louis line collided yesterday in the yards here. Both the trains were badly wrecked and several cars were derailed. The trainmen escaped.

BLOODSHED FEARED

On the Lower St. Lawrence River.

A WAR WITH SMUGGLERS.

Canadian Cruisers Find It Difficult to Prevent the Influx of Whisky—Three Schooners Captured and Thousands of Dollars Worth of Goods Seized.

QUEBEC, July 22.—Bloodshed is feared on the lower St. Lawrence river between the revenue forces of the Dominion government and the band of whisky smugglers, who have so long carried on the smuggling trade in the waters of the Gulf of St. Lawrence. Information was received that Captain Joseph Bouchard, the recognized chief of the smugglers left the free port of St. Pierre, the capital of the Islands of St. Pierre and Miquelon in the fast sailing schooner laden with \$60,000 worth of smuggled spirits, and four other loaded schooners followed him.

The revenue cutter Constance watched at the mouth of the St. Lawrence, and on July 8, Bouchard's schooner was sighted. He showed fight, however, and the Constance put into Rimouski for reinforcements. Bouchard escaped, however, and got into the Isle of Coudre, fifty miles below Quebec, where he disposed of his entire cargo. Three of the other schooners were captured within the past few days, and cargoes valued at over \$50,000 confiscated.

Three cruisers will at once be sent to the Isle of Coudre to capture Bouchard who, with the crew of fifty desperados, will make strong resistance. Government tug Florence attempted to arrest him yesterday but was repulsed. Bouchard's retreat is the small island with unnavigable waters on the north and west sides, with the narrow bay leading into high cliffs on the south side. His crew are ashore among the cliffs, and in a position to prevent the landing of the force of men. Two other smugglers are reported on their way up the river and the cruiser has been sent after them.

Depot Opened.

HAMBURG, July 22.—The large depot specially erected by the Hamburg-American Packet company for the accommodation of emigrants, and in order to prevent the embarkation of emigrants who who would be prohibited from landing in the United States, was opened yesterday. General Spaulding, as secretary of the United States treasury, arrived here last week and inspected the depot, which will hold 1,500 emigrants. Its cost was \$35,000. Under the new order issued by the city authorities all through emigrants in the depot will remain under supervision of doctors until they embark.

Mount Etna Eruptions.

ROME, July 22.—Dispatches from Catania say that the eruptions at Mount Etna are increasing in violence. A fresh stream of lava pours down the mountain and is approaching Nicolosi, withering trees and burning huts along its path. The people of Nicolosi pass most of the day in prayer before the church, fearing to enter it on account of the continued earthquakes. Some of the shocks were felt even in Syracuse.

Result of a Family Quarrel.

BUCHTEL, O., July 22.—Three miles north of Murray City, William Brooks quarreled with his wife, and seizing a coal pick struck her on the head. His mother-in-law interfered when Brooks dealt her a blow, breaking her jawbone and knocking out her teeth. She is not expected to live. Brooks fled to the hills, and has not been captured.

Great National Act.

ROME, July 22.—The French episcopate has applied to the pope to introduce during his jubilee the question of the canonization of Joan of Arc. It is urged that such a step would be a great national act, assisting the success of the Vatican policy. The pope is understood to favor the suggestion.

Order to Emigrants.

HAMBURG, July 22.—Owing to the prevalence of cholera in eastern Europe the authorities here have issued an order prohibiting emigrants who are to sail from this port from alighting at any of the railway stations within the city.

Fleeing from Smallpox.

NEWPORT, R. I., July 22.—On account of the prevalence of smallpox at Block Island several hundred guests of the leading hotels left there yesterday. The popular resort will be practically deserted by Saturday.

Huge Fire in Memphis.

MEMPHIS, July 22.—The Cottonwood Lumber and Manufacturing company's sawmill at the foot of Henry street, on Wolf river, was burned last night. The loss will reach \$10,000, partly insured.

Child Dies of Lockjaw.

COLUMBUS, O., July 22.—The youngest child of Benjamin Monett died from lockjaw at Flint, where they are spending the summer. The child fell on a stick, which penetrated its neck.

Mills to Start Up.

WILKESBARRE, Pa., July 22.—The No. 2 mill of the Lackawanna Iron and Steel company, which has been idle for six months will resume work, giving employment to 500 men.

Voluntarily Assigned.

CHICAGO, July 22.—William T. Keen, publisher of medical books, made a voluntary assignment yesterday. No assets or liabilities were scheduled.

Death of a Retired Army Officer.

WASHINGTON, July 22.—Colonel Edward M. Hudson, retired, died at his residence in this city yesterday.

DEMOCRATS ORGANIZING.

Meeting of the National Committee in New York City.

NEW YORK, July 22.—At noon yesterday the Democratic national committee met at the Fifth Avenue hotel, Chairman Brice presiding. There was a large attendance, but few proxies appearing on the roll. The committee appointed by the state executive committee of Illinois to work for the establishment of a branch headquarters at Chicago was on the ground. It was headed by Washington Hesing. The committee came here full of confidence, but after talking with the national committeemen and making a thorough canvass of the situation it was found that a majority of the national committee were opposed to the scheme. It was then decided not to press the matter before the national committee, but to make an appeal later to the executive committee. Mr. Hesing held a communication with Mr. Cleveland on the question, together with other members of the committee.

When Secretary S. P. Sheerin called the roll nearly every member responded. Only three were represented by proxies. The secretary read several letters and telegrams relating to the business to come up before the committee and to the work of the campaign.

The revenue cutter Constance watched at the mouth of the St. Lawrence, and on July 8, Bouchard's schooner was sighted. He showed fight, however, and the Constance put into Rimouski for reinforcements. Bouchard escaped, however, and got into the Isle of Coudre, fifty miles below Quebec, where he disposed of his entire cargo. Three of the other schooners were captured within the past few days, and cargoes valued at over \$50,000 confiscated.

Three cruisers will at once be sent to the Isle of Coudre to capture Bouchard who, with the crew of fifty desperados, will make strong resistance.

Government tug Florence attempted to arrest him yesterday but was repulsed.

Bouchard's retreat is the small island with unnavigable waters on the north and west sides, with the narrow bay leading into high cliffs on the south side.

His crew are ashore among the cliffs, and in a position to prevent the landing of the force of men.

Two other smugglers are reported on their way up the river and the cruiser has been sent after them.

WEATHER INDICATIONS.

For Tennessee and Kentucky, Generally
fair; southwest winds; warmer in East Tennessee and West Kentucky.

The WEEKLY BULLETIN completed its thirtieth year yesterday. If you think it is not the best paper published in northeastern Kentucky, send for a sample copy. It gives more news than a half dozen other papers combined. Send us fifty cents and we will send you the Weekly until next January.

CONGRESSMAN FITCH, of New York, visited his district this week and here is what he says of Democratic prospects: "In my district the political change has been greater than ever before. The accession to Cleveland is wonderful. He will receive the largest vote ever cast for a Democrat in the State. In my district he will receive an increased vote of from ten to fifteen per cent. You see the Force bill will have an immense influence on the vote in the State. Our business men do not want to lose what they have invested in the South. This is the year for New York to cast her electoral vote for the Democratic ticket and we mean to see to it that the rule shall not be broken and that Cleveland and Stevenson shall receive the thirty-six electoral votes of the Empire State."

FIFTY THOUSAND A YEAR.

Bring that stove foundry here and the company guarantees to employ regularly seventy-five skilled hands. The average wages paid these employees, we learn, is \$2.75 a day, or \$16.50 a week. This would make a weekly pay-roll of \$1,237.50, amounting to over \$60,000 a year in wages. Most of this would find its way into the cash drawers of our dry goods merchants, shoe men, clothing, furniture and grocery stores. And yet these very business men hesitate about buying a \$350 lot to aid in securing the foundry.

Even Augusta Is Waking Up.

We learn that Hogan & Roberg, shoe manufacturers of Cincinnati, will soon remove their factory to Augusta, Ky. They will be given \$10,000 by that enterprising little city—\$5,000 in cash and \$5,000 in real estate, including a good factory building.—Ripley Bee.

The Ladies.

The pleasant effect and perfect safety with which ladies may use the California liquid laxative Syrup of Figs, under all conditions, make it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package.

One Hundred Thousand.

If that stove foundry is located here, it is safe to say that from fifty to one hundred new homes would be needed for the people who would be brought here in the next year. It is estimated that the location of that factory here would result in the erection of close on to \$100,000 worth of houses in the next twelve months. The lumber men and brick men alone could well afford to take every lot Mr. Ball offers to secure the foundry. The bringing of the factory here would mark an era of unprecedented business activity all round.

The Lexington Fair.

The great Lexington Fair begins Tuesday, August 30, and continues five days. It will be one of the most interesting meetings ever held in the State. The stakes in all the speed rings are the largest ever offered. The Agricultural Stake the first day is \$1,000, and the second day the Mechanical Stake is the same, as is also the Association Stake the third day and the Boswell Stake of the fourth day. The pacing stake on the fifth day is \$600. The premiums in all the exhibits are also unusually large. Write a postal to the Secretary for a catalogue, and make your arrangements to be there.

THE ELECTION LAW.

The Secretary of State Gives Some Instructions Regarding It.

Important Provisions to Be Observed By Officers and Voters As Well.

The County Court of each county shall, on or before the August term of said court, divide the Justice's districts into election precincts and establish the name or number, boundaries and place of voting, as prescribed in article 2, section 1. It is suggested that the boundaries of these precincts and place of voting in each precinct first established under this law, shall be given publicity as early after the action of the County Court as possible. At the August term the County Court shall select the election officers.

No person shall be eligible as an election officer who has anything of value bet or wagered on the result of the election, or who is a candidate to be voted for at such election, or who is unable to read and write the English language.

The Sheriff shall give written notice to the officers of election of their selection by the County Court.

If the office of Sheriff is vacant, or if the Sheriff or his deputy is a candidate at any election, the duties imposed upon the Sheriff shall be performed by the Coroner, or in his absence or candidacy, by some person appointed by the County Judge.

It shall be the duty of the Sheriff to secure in each election precinct a suitable room in which to hold the election, and to provide therein a sufficient number of booths or compartments in which voters shall mark their ballots.

He shall provide ballot boxes, as prescribed in article 3, section 23.

In all elections hereafter held in this State on any subject which may by law be submitted to a vote of the people, and for all or any State, district, county or municipal officers, except school trustees and other common school district elections, the voting shall be by secret official ballots. It shall be the duty of the County Clerk to prepare these ballots, which shall conform to the model described in article 3, section 15.

He shall cause to be printed thereon the names of the candidates nominated by the convention or primary elections of the various political parties, and also those who may be petitioned for as provided in article 3, sections 8 and 9.

In preparing the ballots the County Clerk shall cause such candidates' names to be printed under some suitable device or title, and arrange the names composing the various tickets in parallel columns, in such order as the Secretary of State may direct, preferences being given to the ticket casting the highest vote at the preceding election. The device of each party shall be inclosed in a square of not less than one inch on each side, and shall be placed at the head of the list of candidates of the party. Immediately under it shall be placed the name or title of the party ticket; and immediately under the name or title, the list of candidates of the party, the name of each candidate having immediately on its right a small square, large enough to contain the cross-mark by which the voter is required to designate his vote. Underneath the name of each candidate shall be left a blank space large enough to contain a written name.

The County Clerk shall cause to be printed, bound and ready for distribution, not less than three days before an election, one book of stubs and ballots, as described above, for each voting precinct, and to distribute same within such three days to the various clerks of such election, and also provide a sufficient number of black ink stencils, sample ballots and cards of instructions.

County Clerks should note that the facsimile of their signature must be printed on the back of each ballot. This must be secured from some engraver in ample time for the printing of the ballots.

In all elections by voters of the entire State, the Secretary of State will furnish to the County Clerks the names of all candidates entitled to have their names printed on the official ballots, the device under which the same shall be printed, and the order in which same shall be arranged.

Cards of instructions must be provided by the County Clerks for the guidance of voters in preparing their ballots. See article 3, section 21. These cards should be printed in bold Roman type, not smaller than great primer. Eight of these shall be furnished for each election precinct. For the convenience of clerks the following form is suggested:

"First—Any person desiring to vote must enter the voting room and give his name and residence, if requested, to the clerk. If he is entitled to vote, the clerk shall then give him one ballot, to be indorsed by the clerk's name in writing.

and shall give explanation of the manner of voting on request of the voter.

"Second—After receiving the ballot, the voter must forthwith retire alone to one of the voting booths and prepare his ballot by making a cross-mark in the square opposite the name of the candidate of his choice. A stencil with a X (cross) thereon will be provided in each voting booth for the voter. In case of a question submitted to the vote of the people, the cross-mark should be marked against the answer which the voter desires to give. Should the voter desire to vote for each and every candidate of one party he shall stamp the cross-mark in the large square at the top of the ballot containing the device or emblem under which the names of all candidates of the said party are printed, and the vote so marked shall be counted for all the candidates under that title. Except that when so marked the voter may make the cross-mark after the name of one or more candidates of any other parties, and this vote shall be counted for the candidate so marked, and shall not be counted for the candidate for the same office on the ticket of the party first marked.

"If the voter marks more names than there are persons to be elected to an office, his vote shall not be counted for that office. The voter may vote for any qualified person for an office to be filled. A blank line is provided under the name of every candidate printed on the ballot. The voter can write, in black pencil mark, on this blank line the name of the person for whom he desires to vote, and shall stamp the cross-mark in the square opposite the right, but no printed name should be marked out."

Mrs. ROSE E. EGER, a former citizen of Maysville, died Wednesday at New Britain, Conn. She was a daughter of Mrs. H. Martin, of this city. Her mother and sister, Miss Anna Martin, were visiting her at the time of her death. Her husband and infant son survive.

DUDLEY RETURNS.

The C. and O.'s Embezzling Agent at Bradford Gives Himself up and is Now in Custody.

"After wandering about the country for several weeks, Thomas P. Dudley, the defaulting railroad and express agent at Bradford, Ky.," says the Felicity Times, "returned to Covington a few days since and gave himself up to the Government authorities. Upon being questioned concerning the incomplete currency consigned to the First National Bank of Felicity, he admitted taking the package, but upon opening it and discovering its incompleteness concluded that it would avail him nothing. He claims that he then destroyed the wrapper, waybill and other evidences of its having been received by him, and wrapped the bank notes in a newspaper, threw the package on top of a desk and took his departure.

"He was brought to Bradford by a detective, but the package could not be found. Cashier Waterfield went to Bradford on Monday, this week, and was paid \$500 by the agent of the Adams Express Company in full payment of his bank's loss.

Dudley claims that another party was behind him in the matter, and promises to disclose his identity, should he be guaranteed personal protection from the party, whom he claims to fear.

Dudley's stories are not regarded in the very best light, and the bald-headed facts are certain to develop. He is at liberty by reason of a bond signed by his mother.

The Government and other authorities in whose toils he now is will "nail him to the wall" in accordance with their determined and inchangeable policy of permitting no dishonest employee to escape the fullest punishment under the law."

THE guests of Esculapia Springs were treated to turtle soup the other day made from a salt water turtle which weighed 56 pounds.

WHEAT is not threshing out to the expectation of farmers. The grain is small but plump, but the quantity is much less than was anticipated. The price offered is 70 cents per bushel, but farmers are not inclined to take this price.—Lexington Gazette.

THORNTON THOMAS, an aged veteran of the late war, who was a long time prisoner at Andersonville, is dying at the home of his sister, Mrs. Franklin Pearce, in Dover, says the News. Mr. Thomas has bright prospects of securing a large pension, but will never enjoy it. He was recently removed from the County Infirmary.

SAYS the Dover News: "Hon. James P. Harbeson, candidate for Circuit Judge of this the Nineteenth Judicial District, is a popular and courteous gentleman. He has spent the best years of his life in the service of his party, and has sustained with dignity and learning every position to which he has been chosen. He is now Judge of the Fleming County Court, and when he lays down that office to don the higher judicial ermine, the public may congratulate itself on its wise selection."

GEORGE BLACK who murdered John Stacey near Petersville, Lewis County, a few weeks ago is still at large. The Vincennes Sun says: "No one knows where he is hiding, and no one seems to care in continental. Some think he is hid out, and being cared for by friends up in the Kinney hills. Some think he is not five miles from Vanceburg. Others think he is in New Mexico, while still others that he is now a prosperous business man at Middlesborough, near Cumberland Gap."

And what has Lewis County's Sheriff been doing all this time? What have her other peace officers done?

THE proposal to adopt the Torrens system of land titles in Ohio has struck a popular chord, says the Commercial Gazette. The action of the State Bar Association launched the idea under the most favorable auspices. People are talking about it. They are asking questions; wondering if so simple a plan would be reliable when put to the test with such large interests at stake. The answer is that the system has been in use in Australia for twenty-five years. The best authority on the working of the system which is of easy access to the general public is an extended article in the February Century of this year.

THE Western Tobacco Journal, speaking of the outlook, says: "The 1892 crop seems to progress fairly well, although complaints about too much rain and the rank growth come from Western Kentucky and sections of Virginia and North Carolina. But the tenor of reports in general is of fair seasons and a good growth, and the prospect of a large yield if not a fine crop. Many anticipate a poor quality in both East and West, but this is not anything like a certainty, as a few weeks of good, hot, dry weather will improve the quality of the leaf in all sections and enable the weeding of grass and weeds, and the housing of a comparatively early crop."

THE roof of the north end of the cotton mills caught fire yesterday afternoon from a spark. The blaze was soon communicated to some raw cotton in the yard and then to the boiler room, and there was danger of a big fire for a short time. By prompt work, however, the employees extinguished the flames without calling out the fire department. Ernest Gilbert, an employee, was painfully burned about the face.

MRS. DAVID HUNTER.

Another Old Citizen of the County Called from the Busy Scenes of Life

Mrs. Celina Hunter, wife of Mr. David Hunter, Sr., died yesterday afternoon at 3 o'clock at the family residence near Washington. Her death was a peaceful one, and was the ending of a long life, as she had reached the age of eighty years.

Deceased's maiden name was Gault, she being a sister of the late James Gault and Squire E. L. Gault. She was connected with two of the county's old and highly esteemed families that number many of Mason's thrifty and prosperous citizens. Deceased leaves five children, all sons. They are Dr. Hunter, Edward Hunter, David Hunter, Jr., Wm. Hunter and Charles Hunter. The funeral takes place at 4 o'clock this afternoon, at the home, services by Rev. G. N. Jolly, of Sardis. Burial at Washington.

REPUBLICAN HEADQUARTERS.
Five Hundred and Seventy-Eight Fifth Avenue is Where It Will Be.

NEW YORK, July 22.—The Republican national committee have at last secured headquarters for the campaign. They have leased the building 578 Fifth avenue, which is conveniently near the Union League club and the Grand Central depot. The headquarters of the National Republican College league will be located in the same building.

James F. Burke, president of the college league, will be nominally in charge of these headquarters, but he proved so successful as an orator at the Boston mass-meeting on Wednesday that it has been decided to send him on the stump. In his absence James M. Perkins, of Harvard, will be in charge.

The Rails Spread.

SHEFFIELD, Ala., July 22.—An accident occurred yesterday afternoon on the B. S. & L. railroad near Natural Bridge, about forty-five miles from Sheffield. While the northbound freight was rounding a curve the rails spread and the engine and heavily loaded cars were precipitated headlong down a high embankment. The engineer and fireman leaped, and the latter was badly but not fatally scalded. Fred Hostler, a boy of sixteen who was riding on the engine, was instantly killed. The dead boy was the son of the master mechanic of the road.

Storm Swept.

ABERDEEN, S. D., July 22.—A terrific wind and rainstorm struck here Tuesday night, doing considerable damage to crops and buildings. Portions of the gas works were unrooted. In Watertown great damage was done. At Lake Kanepeske cottages were wrecked and campers lost their entire camping outfit and many their clothing. The families all took to the cellars, fearing a cyclone, but no loss of human life has yet been reported. At Huron the storm was particularly destructive.

Trouble Among Grain Shovelers.
BUFFALO, July 22.—There is trouble among the grain shoveler. Fifty are on a strike and they threaten to make trouble in their union, because they believe they have been badly treated. The shoveler demand \$4.50 per 1,000 bushels for shoveling grain. President O'Connell, president of the union, decided they were not entitled to the raise, and ordered them back to work. They refused to go, and called a meeting for last night, and preferred charges against O'Connell.

Venezuela's Treasury Empty.
NEW YORK, July 22.—A special cable dispatch to The Herald from Curacao, W. I., says Palacio left his country with an empty treasury. The Herald's correspondent says that he is told that when Palacio embarked he had with him £80,000, having swept the treasury vaults and taken the last penny. The acting president has, with difficulty, obtained enough cash to defray the most ordinary expenses of the government.

Tumult in Honduras.

NEW YORK, July 22.—Official advices were received yesterday from Consul William C. Burchard, of Truxi and Ruatan, Honduras, confirmatory of the reports of a threatened revolution in that country. The consul says that the insurrection is rapidly growing, and, in his opinion, the situation is becoming sufficiently alarming to warrant the immediate dispatch of a cruiser to Honduras to protect American interests.

Michigan Republicans.

SAGINAW, Mich., July 22.—The Republican state convention yesterday nominated a full state ticket, headed by John T. Rich for governor, J. Wright Giddings for lieutenant governor and John N. Jochim for secretary of state. The platform adopted endorses the nominees of the national Republican convention and the platform of principles laid down thereby.

Steam Barge Burned.

NEW YORK, July 22.—Yesterday the steam barge, No. 14, lying at the foot of Joraniolin street, Brooklyn, was destroyed by fire. The barge was loaded with provisions, all of which were saved, except 300 barrels of flour. The barge was valued at \$30,000 and was owned by the New York Central Lighterage company.

An Incendiary Fire.

ZANESVILLE, O., July 22.—Fire was discovered in the lumber yard attached to Drake's planing mill at 4 o'clock yesterday morning. Those first on the ground caught fumes of burning coal oil, which indicates that it was of incendiary origin. The loss is fully \$2,000; insured.

Whole Town Destroyed.

SUSIN, Cal., July 22.—It is understood here that the town of Rio Vista, Salina county, has been destroyed by fire. No word, however, has been received, as telegraphic and telephonic communication has been destroyed. Rio Vista is a town of about 1,500 people.

Why He Was Returned.

BERLIN, July 22.—The Cologne Gazette says that the return to St. Petersburg of M. Vishnegradsky, the Russian finance minister, is due to his favoring the holding of the Nijini Novgorod fair, while the czar is strongly opposed to the holding of the fair.

Death of an Ex-Congressman.

PORTLAND, Me., July 22.—Hon. John Lynch who represented the First Maine district in the Thirty-ninth, Fortieth and Forty-first and Forty-second congresses, died yesterday in this city of heart trouble.

Steamer Destroyed by Fire.

SYRACUSE, N. Y., July 22.—The lake steamer Lytle was burned to the water's edge on Onondaga last night. A large party of excursionists had just left her when the fire broke out.

Wanted to Keep the Baby.

BRAZIL, Ind., July 22.—Some time ago Mrs. James Robinson and baby came to this city from Kentucky to visit her cousin, Mrs. August Shultz. Mrs. Robinson worked in a private family and left her baby with her cousin. Yesterday she intended to return to Kentucky, but as she was leaving the Shultz house Mrs. Shultz snatched her child from her arms and said she would keep it until Mrs. Robinson paid a bill she owed. It took two policemen to recover the child and restore it to its mother.

Young Lady Injured.

PLAINFIELD, Ind., July 22.—Miss Maggie Dougan, aged twenty, and her sister, aged six, met with a serious accident at the railway crossing two miles east of Plainfield, yesterday. They were driving a two-year-old mule, which became frightened at the 8:34 passenger train, running in and meeting it squarely on the track. Miss Dougan's skull was fractured, her jawbone was broken and there were other injuries which will probably prove fatal. The little girl was also seriously hurt.

Escaped from the Officer.

INDIANAPOLIS, July 22.—Frank Wilson, a colored thief, was fined \$50 and sentenced to three years imprisonment by Judge Cox for larceny. Yesterday afternoon Deputy United States Marshal Ed Conway started to Michigan City prison with him. At Denver, a little station near Peru, Wilson escaped from the officer. Sheriff Langenberg was notified and at once started out to recapture him if possible.

Sugar Refiner Knight Dead.

CAPET MAY, July 22.—E. C. Knight, the wealthy sugar refiner of Philadelphia, who has been lying ill at his cottage here for several weeks past, died early this morning. He was seventy-nine years old.
